#### **DETAILED ACTION**

Amendment filed on July 10, 2006 has been acknowledged. Claims 1-8, 12-17 and 21-25 are pending.

## Claim Rejections - 35 USC § 112

- The following is a quotation of the second paragraph of 35 U.S.C. 112:
   The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.
- 2. Claims 1,12 and 21 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Applicant recites, "a control means for controlling the aforementioned various means ". This is unclear and indefinite as to if applicant is claiming a control means for all of the above means claimed or only a few of the above means. This is an indefinite limitation.

#### Allowable Subject Matter

Claims 1-8, 12-17 and 21-25 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

### Response to Arguments

Applicant's arguments with respect to claims 1-8, 12-17 and 21-25 have been considered but are most in view of the new ground(s) of rejection. See rejection above.

Art Unit: 1743
